## LES PETITES MISES

Hérault, Languedoc

Nathalie Guillevic and Étienne Granier farm four hectares of vines hidden amongst woodlands in Quarante, a tiny village northwest of Béziers in the Hérault.

Having lived for many years in both Provence and the Ardèche, the two developed an interest in the kind of wines we love and in 2017 decided to settle here, drawn to the region because of its natural beauty, grape varieties and terroir.

The vines are planted over clay and limestone. The oldest are over a hundred years old and have been farmed organically for almost thirty years. The two work with a real attention to detail in the vineyards, which are treated only with a little copper, sulphur, herbal teas and essential oils.

The grapes are harvested early in the morning, destemmed by hand in the afternoon and fermented in cuve. Once fermentation is finished, they are given a very gentle press to either fifty-four litre glass demijohns or large ceramic jars to rest. Exercising great patience, Nathalie and Etienne bottle the wines in small lots only when they feel they are ready, by gravity and with no additions.

Nathalie and Étienne's wines have a rare sense of clarity and focus. Built on a backbone of pristine fruit, they are wonderfully pure and structured, offering a beautiful vision of grape and place.

## LES PETITES MISES ROUGE

*2018*

A blend of Carignan, Syrah and a touch of Macabeu from clay and limestone soils. This was their first ever cuvée, from which the domaine has now taken its name. A true field blend, the three varieties are picked, destemmed and fermented together on their skins for a month, before being pressed off to glass demijohns to rest for eighteen months. The fruit here is a little deeper and darker, with black fruits, firm tannins and a herbaceous character that adds real intrigue.
